

SUPERBOOTH20 – Early Bird ticket sale begins today

SUPERBOOTH20 celebrates its first little anniversary - from **23 to 25 April 2020** the fifth edition of the trade-fair for electronic musical instruments will take place in Berlin. The **FEZ Berlin** will once again be a noisy, colorful and crowded place, with exhibitors from all over the world presenting their latest synthesizers, modules and effects as well as dozens of concerts and workshops.

For all visitors of **SUPERBOOTH20** the following applies: If you want to make sure to be part of the fair in any case, you can already secure the suitable ticket at the Early Bird price from 30 September. Tickets are valid for individual exhibition days or for the entire exhibition. Because single day tickets are only valid for fixed days for the first time, they are offered in limited batches.

In the coming year, the fair will once again attract visitors with its well-known strengths. As before, there will only be authentic craftsmanship to be seen on the stages - exclusively live music. It remains with the proven mixture of new, up-and-coming and well-known artists. The supporting program of **SUPERBOOTH20** will be subject to some innovations, in particular the outdoor area of FEZ Berlin will be more integrated into the event.

The boat shuttle will be rethought, including the timetable, and it will have its own program of events. In addition to concerts, workshops will also be offered during selected boat trips.

The organizers are once again expanding the exhibition space for **SUPERBOOTH20** so that the steadily increasing number of exhibitors can find enough space - the application phase has started. The majority of already known manufacturers from previous years are expected again. As always extended and supplemented by interesting, new brands. An expansion of the product range in the outboard sector is also planned.

The first 500 Early Bird tickets will go on sale on Monday 30 September. Prices can be found in the official ticket shop of [SUPERBOOTH20](#).

Here is a brief overview of the available ticket variants and their validity:

Trade Visitor Tickets:

These tickets are specially intended for trade visitors and allow access to the fair from 10 a.m. onwards. Available via registration at superbooth.com.

Visitor Tickets:

These tickets give access to SUPERBOOTH20 from 1 p.m. onwards. From this time on, the fair will be officially open to everyone and the supporting program begins.

Evening Tickets:

These are the cheapest tickets for SUPERBOOTH20, they allow you to visit the evening program. This gives the guest the chance to visit the fair for one hour and then to enjoy the evening concerts.

Trade Visitor and regular Visitor Tickets are also available in a three-day variant. All tickets are also available at a reduced price for authorized persons.
