

SUPERBOOTH 20

Superbooth Berlin GmbH / Ritterstr. 3 / 10969 Berlin

Berlin, February 28, 2020

Our statement about Corona

Due to the current situation in the world regarding the Coronavirus, we were asked to state our point of view about this topic. With SUPERBOOTH20 starting in about 8 weeks from now, we prefer to rely on facts rather than speculations about the future.

Please check Robert Koch Institute in Berlin for further information (German/English):
https://www.rki.de/DE/Content/InfAZ/N/Neuartiges_Coronavirus/nCoV.html

Without any carelessness about health or risks, we basically are very careful with the daily news spreading and panic producing sensational reports.

We are observing the development, but can not say how the situation will change in the coming weeks. If we have the impression that we should act in any way, we will do so. By now we can only say, the situation in Berlin is safe and we do not want to be part of any speculations.

As long as there is no official ban by the authorities, we have decided to keep on working on the finalization of this year's Superbooth.

Relax and make music! See you at SUPERBOOTH20!

RELAX!
