for EU and international shipping please get in touch and we will give you a quote

For every event ticket purchased before April 1, 2025, you will automatically be entered into a raffle with a variety of prizes to be won, including high end audio interfaces, several Eurorack modules, an Osmose from Expressive E, and other gear! Since these hardcover tickets aren't day-specific, they can be used on any of the three days—just let us know which day to add you to the raffle pool. Three-day ticket purchases include three hardcover tickets, which can be exchanged upon entry for a three-day armband, automatically entering you into the raffle each day for even more chances to win.
